Insights:

Atliq Exclusive has built a presence across eight key markets.

REQUEST 2

What is the percentage of unique product increase in 2021 vs. 2020?

Output

unique_products_2020	unique_products_2021	percentage_chg
245	334	36.33

Insights:

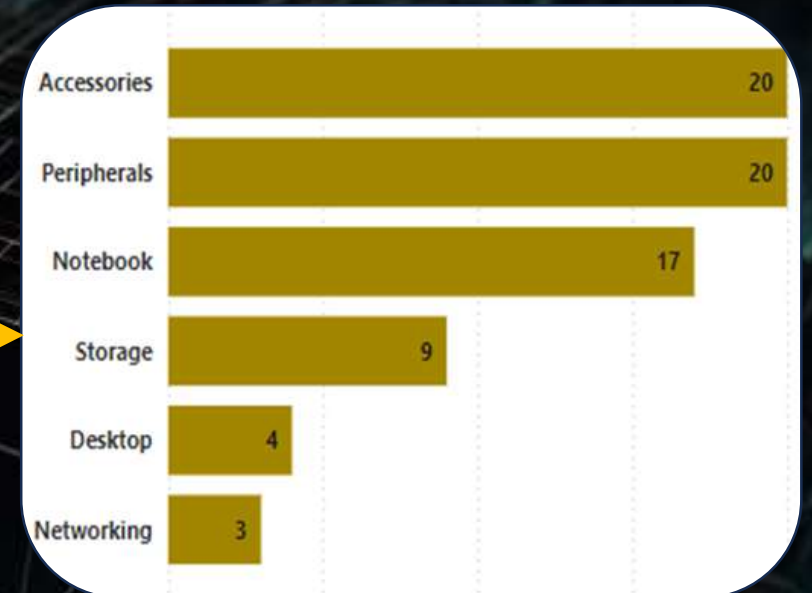

In the span of one fiscal year, our product count surged by 36%, from 245 in FY 2020 to 334 in FY 2021

REQUEST 3

Provide a report with all the unique product counts for each segment and sort them in descending order of product counts. The final output contains 2 fields, segment & product_count

Output

	segment	product_count
▶	Accessories	20
	Peripherals	20
	Notebook	17
	Storage	9
	Desktop	4
	Networking	3

Insights:

1. Accessories, Peripherals & Notebook have the highest product counts, indicating significant focus and investment in these areas.
2. Segments like Storage, Desktop, and Networking have fewer products, highlighting potential areas for growth. Expanding these segments could diversify the product portfolio and address unmet customer needs
3. The high product counts in Accessories and Peripherals suggest these segments are key revenue drivers, guiding strategic resource allocation towards these areas.

REQUEST 4

Follow-up: Which segment had the most increase in unique products in 2021 vs 2020? The final output contains these fields, ?
Segment, product_count_2020, product_count_2021, difference

334

Output

segment	product_count_2021	product_count_2020	difference
Accessories	19	13	6
Desktop	3	1	2
Networking	3	2	1
Notebook	16	14	2

August (2021)	2021	11324548.34

Note: Gross sales amount highlighted in green are above the average Gross sales amount.

Insights:

1. There is a noticeable peak in sales during the months of September, October, and November for both fiscal years 2020 and 2021.
2. The months of March, April, and May in FY 2020 showed relatively low sales, this is due to pandemic however Atliq Exclusive have bounced back from Sep 2020 to Aug 2021

REQUEST 8

In which quarter of 2020, got the maximum total_sold_quantity? The final output contains these fields sorted by the total_sold_quantity, Quarter, total_sold_quantity.

Output

quarters	total_sold_quantity_in_mln
Q1	7.01
Q2	6.65
Q4	5.04
Q3	2.08

Insights:

1. The first quarter (Q1) of 2020 recorded the highest total sold quantity, amounting to 7.01 million units, This indicates a strong start to the year.
2. The sharp decline in Q3 could be attributed to external factors such as the pandemic's impact, supply chain disruptions, or changes in market conditions. It indicates that Q3 was the most challenging quarter for Atliq in terms of sales volume.
3. Despite the overall decline, maintaining relatively higher sales in Q4 compared to Q3 indicates some recovery. Continued focus on adaptive strategies and market responsiveness will be essential for sustaining sales.

REQUEST 9

Which channel helped to bring more gross sales in the fiscal year 2021 and the percentage of contribution? The final output contains these fields, ,
channel, gross_sales_mln, percentage.

Output

channel	gross_sales_mln	percentage
Direct	96.43	17.99
Retailer	379.07	70.73
Distributor	60.44	11.28

Insights:

1. With over 70% of the gross sales coming from the Retailer channel, Atliq should focus on strengthening and expanding its retailer network. This could involve offering better terms, support, and incentives to retailers.
2. The Direct channel presents a growth opportunity. Atliq should explore ways to increase direct sales through enhanced marketing efforts, better customer service, and leveraging e-commerce platforms
3. Even though the Distributor channel contributes the least, optimizing this channel can lead to incremental sales growth. This may involve improving logistics, inventory management, and distributor support.

REQUEST 10

Get the Top 3 products in each division that have a high total_sold_quantity in the fiscal year 2021? The final output contains these fields, division, product_code, product, total_sold_quantity, rank_order.

Few Suggestions where Atliq Hardware can improve:

1. Regularly seek feedback from customers, especially those who purchase top-selling products, to understand their needs and preferences. Use this feedback to guide product development and improvements.
2. Implement loyalty programs to reward repeat customers, encouraging them to continue purchasing Atliq Hardware products. Offer exclusive discounts, early access to new products, and other perks.
3. Improve the online shopping experience on your website and other e-commerce platforms. Ensure product pages are detailed, with high-quality images, videos, and customer reviews.
4. Utilize advanced inventory management systems to keep track of stock levels and predict demand. Ensure that popular products are always in stock to avoid missed sales opportunities.
5. Optimize the distribution network to ensure timely delivery of products. Consider partnering with reliable logistics providers to enhance delivery speed and reliability.

6. Strengthen relationships with retailers and distributors to increase the availability of products in physical stores. Offer training to retail staff so they can effectively promote and sell your products.

7. Increase focus on direct-to-consumer (DTC) sales through your website. Offer exclusive products or bundles that are only available online to drive traffic to your site.

8. Invest in research and development to innovate and stay ahead of competitors. Regularly update and improve existing products to incorporate the latest technology and customer feedback.

9. Maintain high-quality standards to ensure customer satisfaction and reduce returns. Implement rigorous testing and quality control processes to uphold the reputation of Atliq Hardware.

10. Regularly review and adjust pricing strategies to stay competitive. Introduce attractive promotions and discounts to drive sales and attract new customers

By focusing on these areas, Atliq Hardware can enhance its sales performance, strengthen customer relationships, and maintain a competitive edge in the market.
